Short introduction

I know nothing about UX Design
But I do know that

• We want to be able to implement a good UX design
• Users want things easy and fool proof and sometimes can explain what that should look like
• We want to be able to do what helps users best
• We like to push boundaries
User-friendly wikis

- Reduce number of actions/clicks
- Great designs
- Great performance
Reduce number of actions/clicks

- Good work outfit is important
